Dear Stakeholders,

Like many of you, we at GNGB are looking forward to a fresh start in 2021! In keeping with this theme, we have created a cool new 2-minute video about GNGB, and refreshed our branding and updated our website to improve readability and the help you get the information you need, in readiness for the new year. Please check it all out [here](#).

Preparing for Rollovers v3.0

Preparations continue across the industry for the introduction of SMSFs into the digital rollover environment.

Our initial group of Gateway Operators kick off interoperability testing on January 19 and we will keep you updated on progress. If you would like to join this group, please [contact us](#).

STN ISR Audits and Gateway Attestations

Don't forget! Upcoming important dates for conformance deadlines – December 31 is the due date for all independent audit reports, and January 31 for Gateway attestations.

Recent Cyber Activity

As we wind down into the summer break, remember to stay vigilant – cyber criminals are pivoting to target holiday topics. When online shopping on your personal devices be on the lookout for targeted scams. More details here: [Holiday Scams](#)

End of Year Arrangements

Our office will not be closing down. With the exception of the public holidays, we will be available to assist through the Christmas and New Year period. If you need help during this time, [please reach out to Mary](#). I will be back in the office January 18.

GNGB wishes all our stakeholders a safe and happy holiday and a big Thank You for your continued engagement and contributions through this trying year.

Wishing you a Merry Christmas and a peaceful start to 2021,
Michelle
